DARe 1 – Overview: Healing Early Attachment Wounds & Embracing the Authentic Self

Cincinnati, Ohio · June 6–9 · with Patti Elledge

Presenter: Patti Elledge

This three-day workshop (over four days) will introduce the fundamental concepts of Attachment Styles: Secure, Ambivalent/Preoccupied, Avoidant/Dismissive and Disorganized – as well as how they impact our current adult relationships. Based on Dr. Diane Poole Heller's groundbreaking approach, this workshop will help you learn what the hallmarks are for identifying each style, their challenges and what is needed to heal insecure attachment patterns, as well as what is needed to "learn" and reinforce secure attachment. It will include lectures, experiential exercises, guided imagery meditations, practice sessions, live demos and videos.

PLEASE NOTE: This workshop is a prerequisite for enrolling in sequential DARe 2, 3 or 4 workshops. Purchase of the DARe 1 – Healing Early Attachment Wounds 5-DVD set is optional. If you wish to buy the DARe 1 DVD set at the special discounted price of \$150.00 including shipping, a link and coupon code will be provided in your confirmation email.

16.5 CEUs are available to students who require them for an additional processing fee of \$50.
