

# Sacred Dimensions of the Pathwork

3-Day Online Engagement

**Abiding by the Law of Brotherhood**

*Forgiveness as the Prerequisite*

*to Meeting the Other Fully Present*

Thursday 6/10 – Sunday 6/13, 2021

Led by **Erena Bramos**

*Non-acceptance of the conditions of the dualistic world—because of the vague knowledge of another state that can be attained—is an aberration. It expresses the childish desire to gain omnipotence in a cheap and easy way. Those who indulge in it delude themselves that they can avoid—by an outer act of sheer will—the developmental stages that sometimes must include temporary suffering. Thus, we have the apparent paradox that glimpsing ultimate reality in a false way leads to more unreality than not glimpsing it at all and fully accepting the conditions of the dualistic mass illusion. But when the limitations of these life conditions are fully accepted and the personality deals with them honestly, maturely, productively and constructively, then the inner evolutionary process continues organically, and the mind begins to encompass other visions that were invisible before. # 253*

The willingness to accept life on its own terms; the courage to welcome every experience; the humility to let go of the insistence that those we meet on our journey fulfill all ideas we harbor as to what is acceptable and what is not... these are the prerequisites, the Guide tells us again and again, to living life in accordance with the law of Brotherhood. And living in relationship sacrificing any ideas of safety to the amazing realization that “we are the mirror, as well as the face in it”\*, is what allows us to meet who we truly are beyond any identification with any ideas of self, and thus to fulfill our longing to serve love.

In this weekend we will explore forgiveness, the experience of fully surrendering to all that is. Together we will create the space where we will individually and collectively invite the courage to let go of the fear of heartbreak and helplessness which keep us attached to the ideas of right and wrong that live in our conditioned minds.

We hope you join us for deep sharing, contemplation, prayer, exploration of the teachings, and welcoming all that will emerge in our midst as we move together to deepening consciousness and we open the door to be caught unawares into Oneness.
