Pathwork Test – Where Am I?

What is my Life Manifestation Telling me?	Now 0-5Hi	4 years ago
How Rich and Full is my life?		
How much are joy, peace, and abundance increasingly open to me?		
How much less am I afraid and reluctant to meet and expose the deepest regions of my innermost self?		
When I encounter inner blocks in momentary crises, how fully do I travel through them to find myself more fully me?

The Key to Claiming Total Capacity to Greatness

- **The Work: Transforming the Lower Self**

90% – Find *Specific Details* of Lower Self – In each situation (Admit, search out patterns of Lower Self in detail)

5% – Accept this

- As a **Part** of ME
- But **NOT ALL** of ME

5% – Take Self-responsibility (Ego) let go and let God Transform

- Do not act out
- Sincere **desire to change**
- Let Christ Consciousness (God-self) make the change

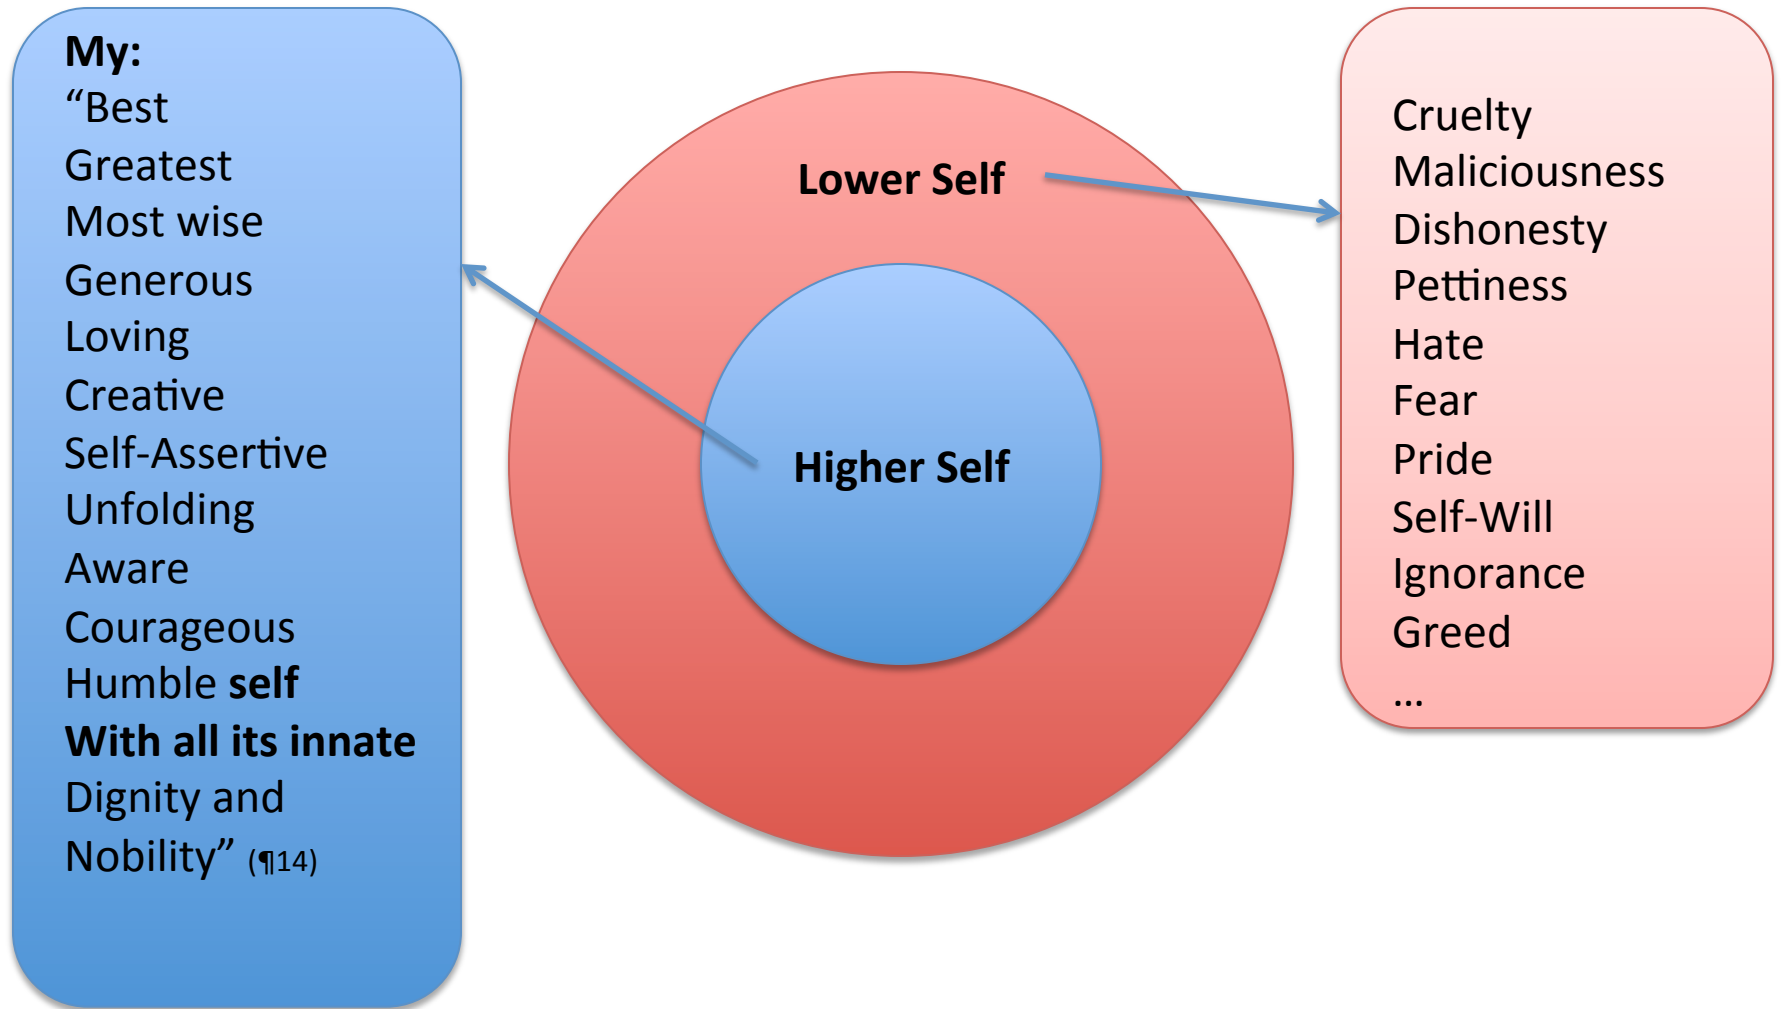

The Key to Claiming Total Capacity to Greatness

- This Lower Self Transformation work is **never done**
 - more and more layers – the **rest of our lives**
 - Layers become more and more challenging as we grow
 - This Lower Self work is **central** to this particular path
 - **Not doing this Lower Self work is *bypassing steps***
 - **Result of bypassing steps:**
 - **Real and lasting solutions** to life's problems **cannot be reached**
 - **Integration** of needed Lower Self Energy **cannot happen**

Exercise, Spiritual Practice

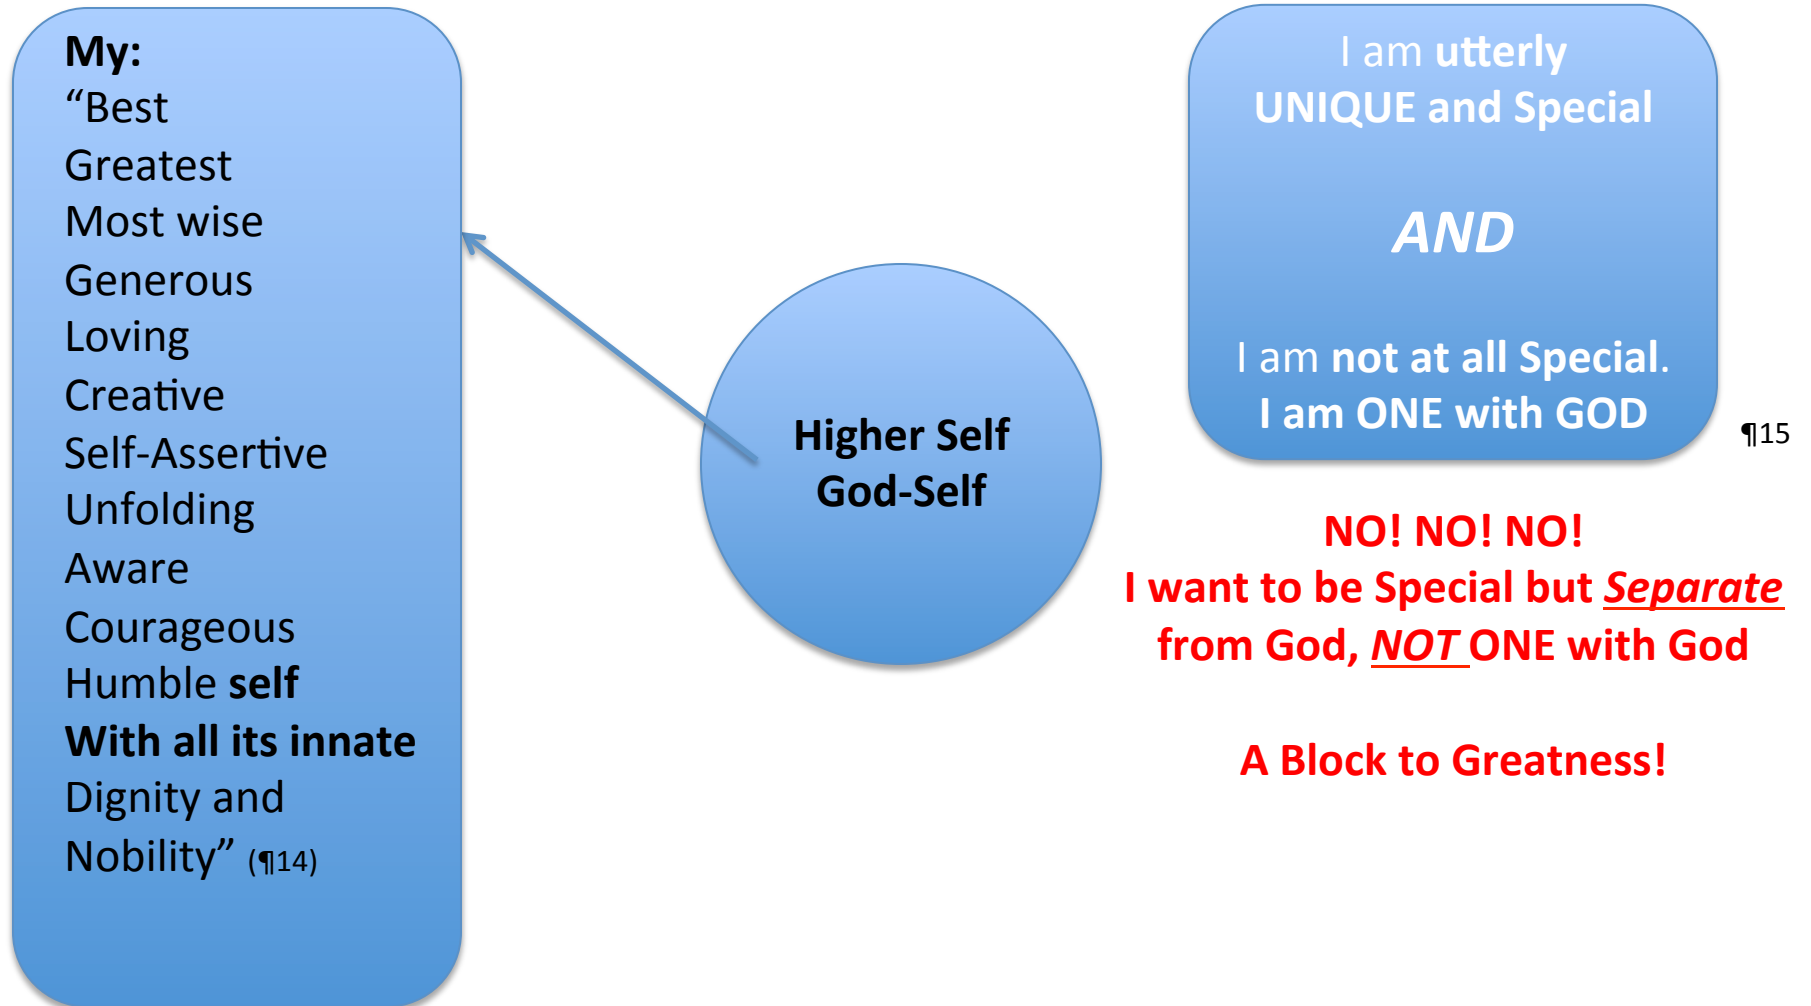

- Pick a challenging situation you face
- **Anticipate *Specifically*** where and how:
 - **Pride** will show up
 - **Self-Will** will show up
 - **Fear** will show up
- When in the challenging situation, **Smile** when these Lower Self reactions show up, but **stop, do not act out!**
- Make this a **Spiritual Hobby** in Life for **all** challenging situations
- **Welcome any and all challenging situations** so you can practice and grow.

Lower Self Blocks Our Greatness

Not Good News for Separate Ego!!!

¶16

Folly of the Ego

If I am

Smart Enough
Successful Enough
Strong Enough
Kind Enough
X...
X...
X...

Then

People Will Admire me
and Love me

What Do We Do With Our Lower Selves?

- We do **NOT**
 - **Escape** or **Separate** from it
 - **Exorcise** or **oust** it
 - **Indulge** it or **act it out**
 - **Ignore** it or **deny** it
 - **Fear** it
 - **Feel guilty** about it
- **But we *Do our Work***
 - **Face it (90%)**
 - **Accept it (5%)**
 - **Let God-self Transform it! (5%)**

Lower Self
Is Part of ME

I Need its Energy

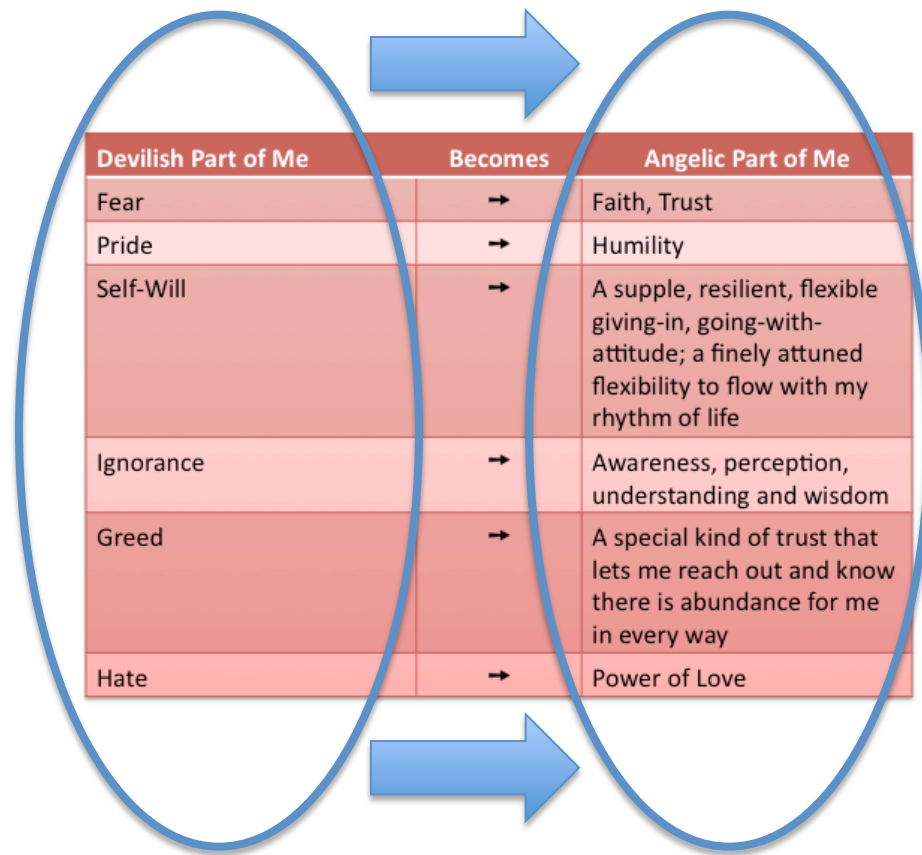

I Need to
Transform it

Remember Devil is an Angel

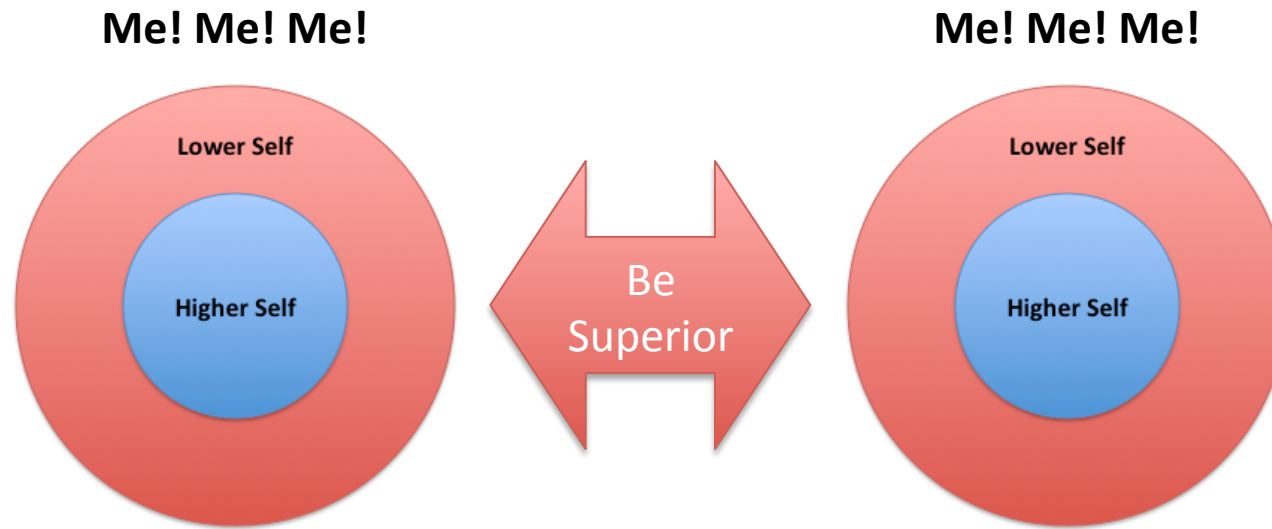

Devilish Part of Me	Becomes	Angelic Part of Me
Fear	→	Faith, Trust
Pride	→	Humility
Self-Will	→	A supple, resilient, flexible giving-in, going-with-attitude; a finely attuned flexibility to flow with my rhythm of life
Ignorance	→	Awareness, perception, understanding and wisdom
Greed	→	A special kind of trust that lets me reach out and know there is abundance for me in every way
Hate	→	Power of Love

(¶24)

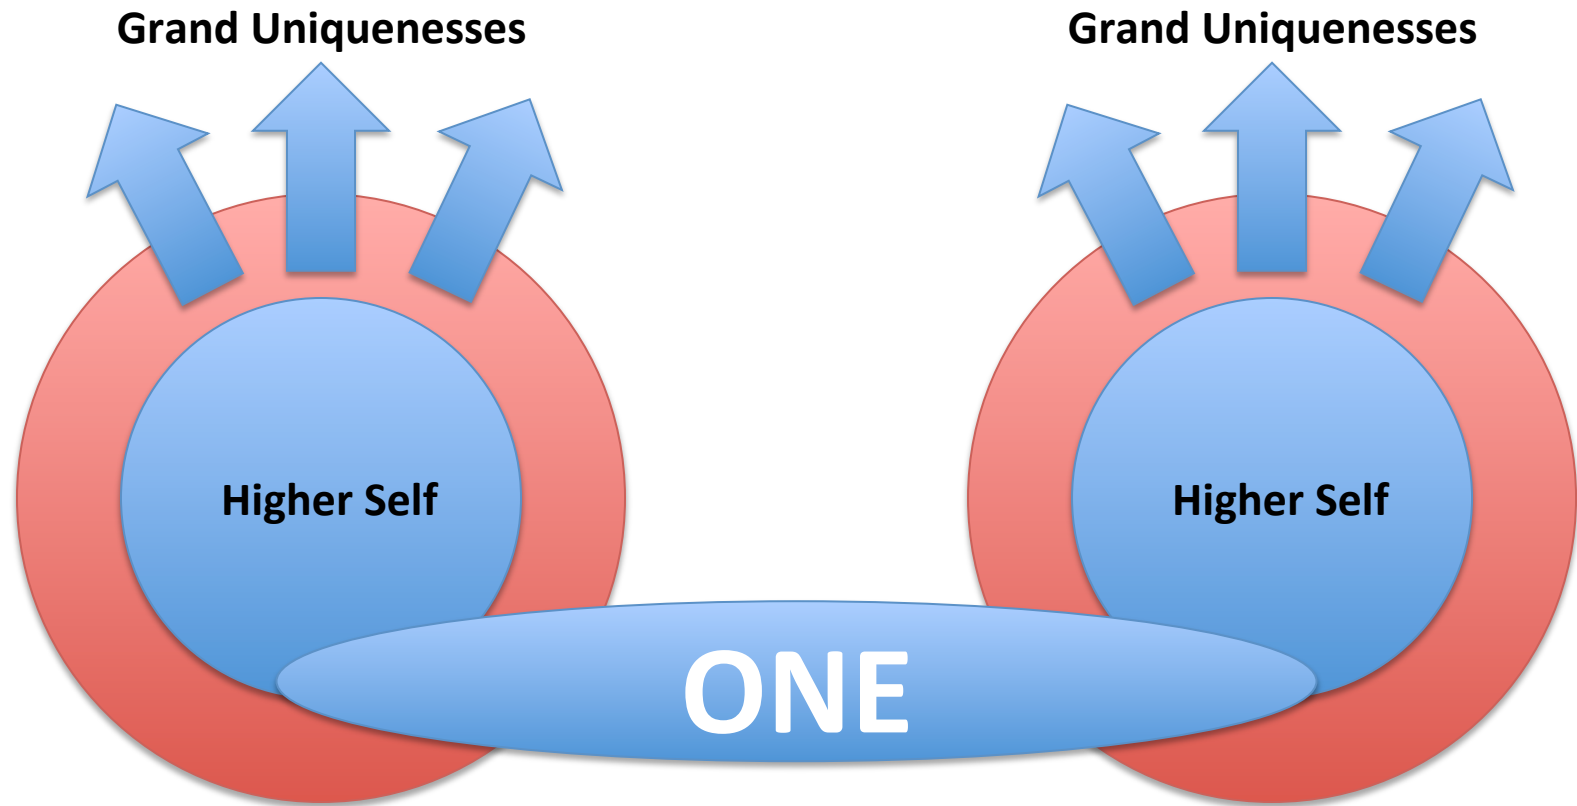

Same Essence, Need to Access this Lower Self Essence for Higher Self Purposes

Ego Competition

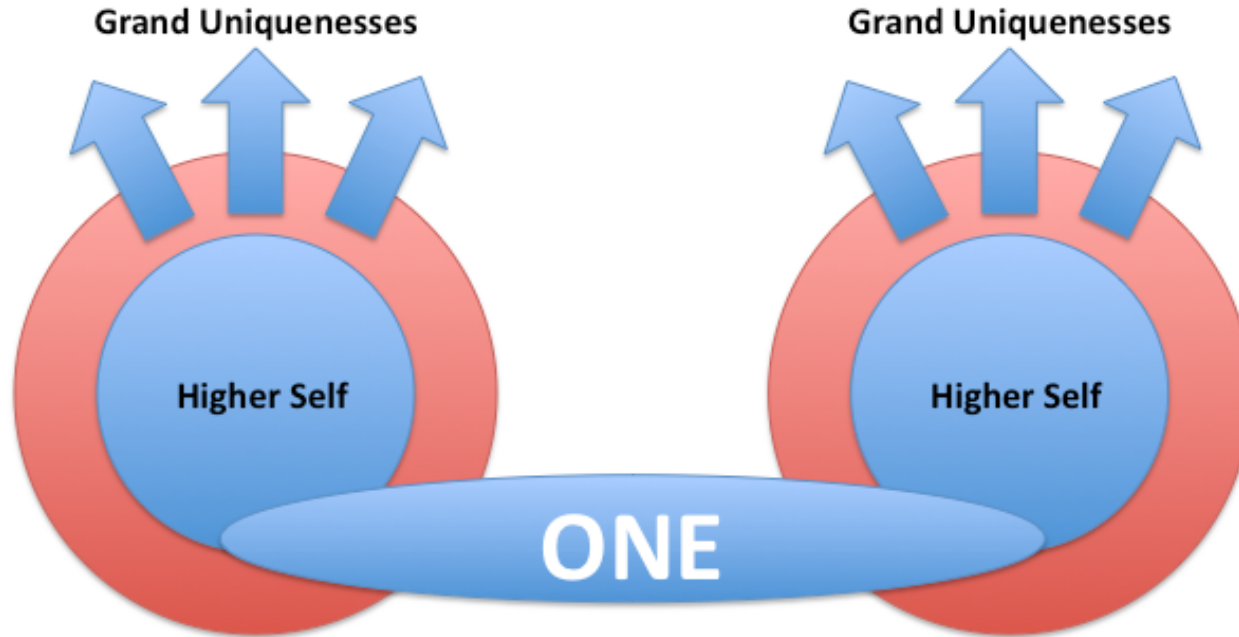

Egoless Greatness

Celebration All Around

End of Competition and Conflict

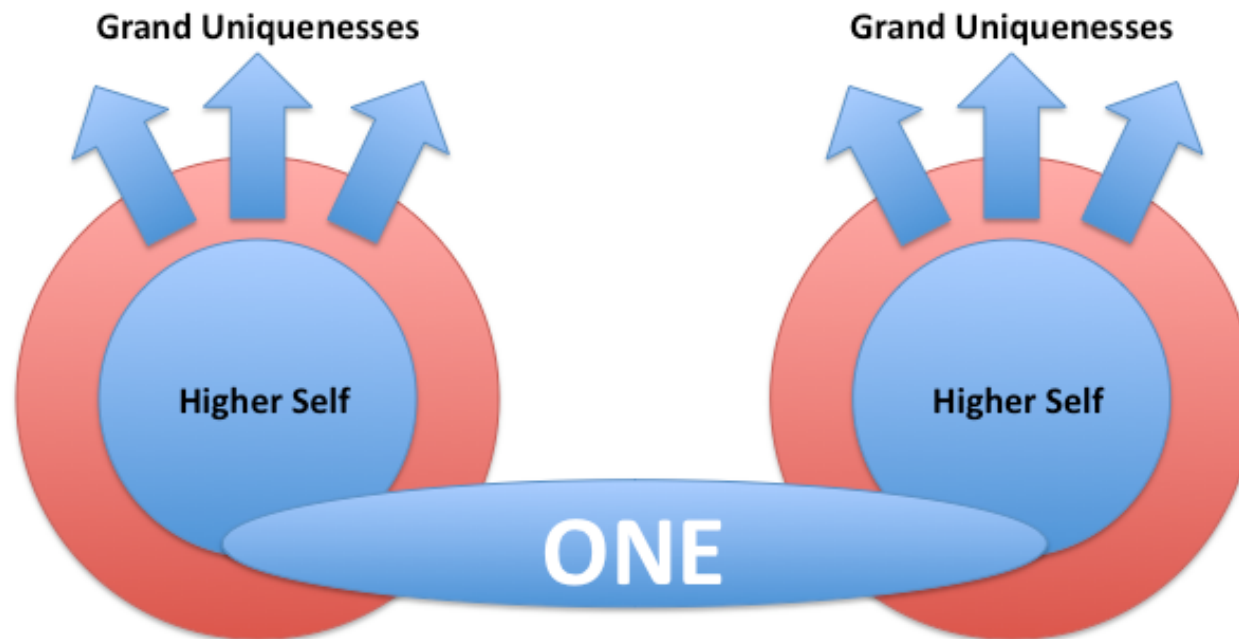

“Your God-consciousness and the other person’s God-consciousness are never in conflict.

Only the ego, in its separated state, is in conflict because of blindness and limitation.

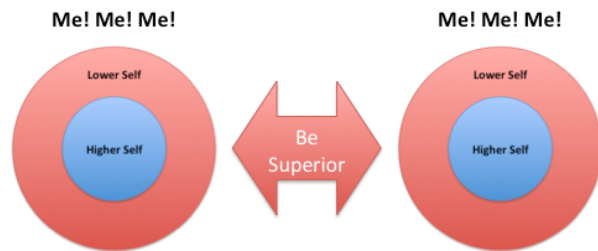

The ego is not one, it is divided ... The God-consciousness in you is one” ¶17

All in Service to a Cause Greater Than Myself

“You are engaged in the most noble cause an entity can be active in, the purification and healing of souls.” (¶32)

Ego's Choice

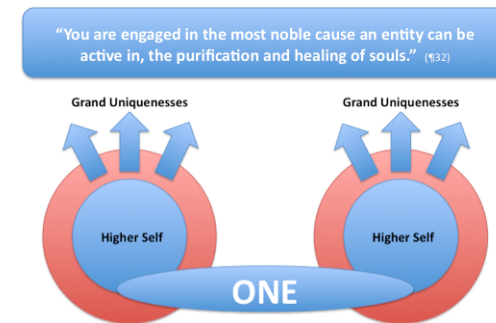

Vicious Circle

Fear, Hide from Inner Evil, Remain Selfish, Connected to Puny Ego

More Impoverished, Unhappy, Embittered

Benign Circle

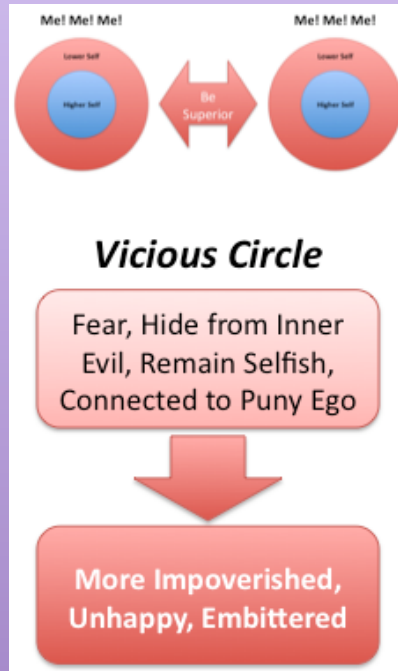

Face, Accept, Transform Evil Within, Selfless giving, Giving to a Larger Cause

Greatest Self-enrichment imaginable, Supreme Satisfaction, Peace, Joy

But It Isn't an Either/Or Choice, It Happens

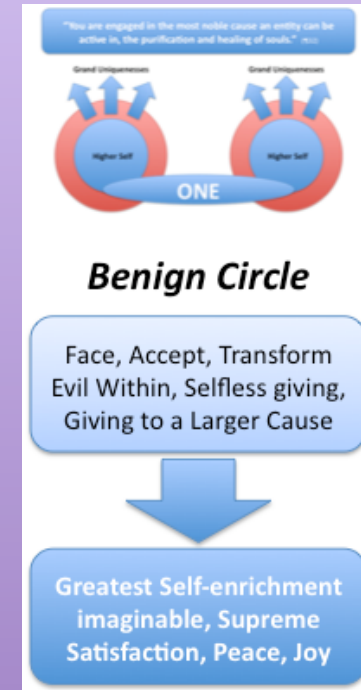

*Ego Creates Spaciousness
For What Is (Duality) AND
for New Possibilities*

Recognize Where I've
Been and Am, See
Mass Image of Duality

Not Ego-Forced
But Happens
Involuntarily (Ego
lets go and lets
God-self Do It)

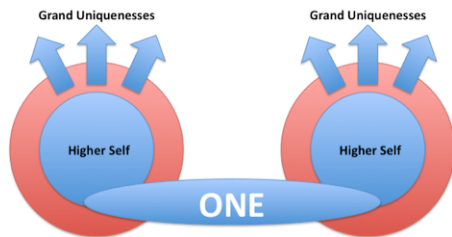

Experience Tastes
Of Possibilities –
of Unitive State

The Human Condition Evolves Naturally

Making an Impact

"You are engaged in the most noble cause an entity can be active in, the purification and healing of souls." (¶132)

Benign Circle

Face, Accept, Transform
Evil Within, Selfless giving,
Giving to a Larger Cause

Greatest Self-enrichment
imaginable, Supreme
Satisfaction, Peace, Joy

"Every single soul who comes nearer to the threshold, who finally passes this threshold, releases untold energies of

**beauty,
wisdom,
strength,
love,
truth,**

**creative resourcefulness,
entering into the experience of oneness,
and thus affecting, directly and indirectly,
zillions of other entities." (¶133)**

**"...Only you know how you are best suited to
contribute." (¶135)**
